EEEEAA has reserved the best deck exclusively for this special occasion in the spirit of fun, networking, creativity & enrichment. It will be a truly unique Singapore experience offering unparalleled panoramic view of her city skyline, Southern Islands and the renowned busiest port on board the replica of the famous Ming Dynasty imperial vessel. You will be captivated by the cozy and vacation ambience with many good photograph spots of Chinese antiquity on the vessel.

Besides having ample time to enjoy the cruise and high tea, there will also be enrichment components for the alumni as usual:

WHAT IS YOUR LIFE DIRECTION & HOW TO FIND IT

Do you enjoy doing what you do everyday? What is the one thing you think about everyday from the moment you open your eyes after waking up in the morning? Are you truly happy with what you are working towards?

Set sail with us and our guest speaker, Mr **Andrew Chew** on
“FINDING YOUR INNER COMPASS”

Mr. Andrew Chew is the Principal Trainer, Coach & Consultancy and CEO of LIFE Training & Development LLP and LIFE Coaching & Consultancy LLP. He is a certified hypnotherapist and DISC Trainer.

The EEEAA AGM will also be held during the trip. There will be a slide show presenting activities of the past year as well as a short formality to show appreciation for the volunteer services of 14th EEEAA Exco and the investiture of the 15th EEEAA Exco upon their election. The notice and the nomination form of the 14th Annual General Meeting of the NTU EEEAA can be downloaded from <http://www.eeeaa.org>.

We will wrap up our exciting journey on the vessel with a toast to our new friendships and memorable group photographs
