

A Memorable Night to Reminisce

2012 PhD Graduation Dinner

The EEE PhD Class of 2012 rejoices together for their Graduation Dinner on 28 July 2012 at the Rendezvous Grand Hotel Singapore. The graduates were treated to an eight-course dinner while enjoying a fabulous night of entertaining song, talk and dance performances put up by the NTU student clubs and a finale lucky draw to round up the event.

Apart from the graduates, the EEE School Management Faculty staff, supervisors joined in with the celebration with the Guest of Honour, Professor Cheng Tee Hiang, Acting Chair of EEE gracing the event. This is indeed a night to remember.

“Remember tonight... for it is the beginning of always

of Wonderful times and Memories that will never fade away”

The PhD Graduation Dinner 2012 commenced with a “Welcome address” by Professor Cheng Tee Hiang, followed by the Jazz and Blues performance from the NTU student club. This provides a good ambience and makes it comfortable for students to interact with their supervisors and peers.

A video, showcasing all of the graduates’ photos and their short messages that reflected their feelings of graduating, experiences or thank-you wordings to family, friends or staff, was then aired. Supervisors also contributed by providing their photos and congratulatory messages to their students. Graduates were grateful for their supervisors’ messages.

Two graduates were invited to give a speech to share their feelings of graduation, celebrating the moment and a new beginning of life to meet the challenges ahead. Next, the humorous talk show from the Toastmaster student club, using interesting words and hilarious jokes made the audience laugh and brighten up the dinner’s mood. Last, the Latin dance performance from the student club was both visually stimulating and exhilarating. The emcee and staff representatives urged the audience to participate and two couples volunteered for the simple dance lesson. Finally, the audience chose the winning couple. It was an exciting and thrilling experience for the participants. The dinner finale was the lucky draw, which was initiated by Professor Cheng.
