Greetings from Institut Teknologi Sepuluh Nopember (ITS) Surabaya, Indonesia

We are pleased to invite students to participate in ASEAN Youth Collaboration Festival (AYCF) 2015. AYCF, organized by Student Executive Board of ITS is held to unite and collaborate college students around ASEAN countries by exchanging ideas and creations, as well as exhibiting cultures. The program has 2 (two) sub-events:

1. Young Engineer and Scientist Summit (YES Summit) 2015
YES Summit 2015 (5th – 9th of June) is a conference designed for engineering and science students from around ASEAN countries to solve ASEAN issues. With “Contribution in supporting and developing ASEAN Connectivity to face ASEAN Economic Community 2015” as the theme, this conference could develop knowledge, creativity, and critical thinking of the participants.

For detail information, please visit: www.yes.its.ac.id

2. ASEAN Creative Competition (ACC)
ASEAN Creative Competition (ACC), an online-based competition designed for ASEAN students who are interested in journalism, design, and photography. With “Exploring the Beauty of South East Asia” as the theme, participants have possibility to show their ability and passion. ACC has 4 (four) categories that could be chosen; Infographics, photography, documentary Video, and journal traveling. The following finalists of each category will get prizes in the form of cash and certificate.

For detail information, please visit: www.aycf.its.ac.id/asean-creative-competition/

Closing Ceremony of AYCF 2015: ASEAN Camping Ground
The finalists from each category of ASEAN Creative Competition (ACC) will be invited to Indonesia to join this camping along with YES Summit participants, and their creations will be exhibited at the Camping Ground.
