

Tips for Success

Learn to revise efficiently. Be

- prepared for class by reading the assigned chapters.
- Read to understand.

Treat schooling like a full-time job.

- Be prepared to spend at least TWO hours outside of lecture for every ONE hour in the lecture.
- Attend all of your lectures.

Find or make a great environment for studying.

- Create a study area at home.
- Consider staying on campus to study.
- Turn off the TV, loud music, your cell phone or anything that disrupt your concentration while studying.

Create a lifestyle that supports your studies.

- Review your time schedule.
- Get adequate rest (minimum 7 hours a day).
- Don't "jetlag" yourself on the weekends.
- Do exercise regularly and eat healthy meals.

Take notes and use them.

- Use a good note-taking system.
- Review your lecture notes regularly. (Within 24 hours, then weekly, then monthly)

Tips for Success

Seek out and use resources.

- Take advantage of the free peer tutoring scheme offered by EEE and NTU Student Union.
- See an EEE Student Welfare Support Officer or NTU Student Counsellor for personal, career or academic concerns.
- See an Academic Advisor/Mentor for program planning questions, etc.

Get involved and have fun!

- Attend lectures, ask questions and sit near the front.
- Form a study group and meet weekly.
- Think about and what you're learning and try to apply it to your daily life.

Time Management.

- Set specific study times and goals.
- Schedule a daily planner and use it.
- Break down big assignments into manageable goals.
- Study short and often.

And the 1st tip for success is....Start right now!

- Start big assignments immediately.
- If you know you're struggling, seek for assistance sooner rather than later.
